COVID-19 Testing at Schools

To promote safer in-person learning environments, the California Department of Public Health (CDPH), in partnership with the California COVID-19 Testing Task Force, is providing FREE rapid COVID-19 tests. This program is being offered free of charge for all students in Berryessa Union School District schools.

Here is some basic information about the testing program:

- Testing is not required but highly encouraged.
- This program has two different types of testing: BinaxNOW (rapid antigen tests with results in under 30-minutes) and PCR tests (results in 48-72 hours).
- Pre-registration is recommended and collects necessary information and consent.
- All questions included in registration are required for California State public health reporting. Please note this program is free for all participants.
- Information and test results are only shared with the testing site, lab partners and local/state health departments. It is not used for any other purposes.
- All results are shared electronically with the contact information provided during registration.

Register

Register by clicking on the following link: <https://my.primary.health//berryessa-usd> or you can scan the QR Code to register by phone. Note that by signing up, you are giving consent for your child(ren) for testing. Please make sure you confirm your phone number and/or email to get the results.

Register using your phone!
